Save the Date: Everyone Counts!!

The Point-in-Time Count will take place on Wednesday, January 25th between 9:30pm and 2am.

What is it? A yearly count of adults and children who are homeless. This information is used to figure out the needs of people who are homeless.

How can you help?

- Talk to the volunteers on January 25th and answer their questions about your living situation, health, needs, etc.
- If you know other places outside where people are staying, tell the volunteers so they don't miss anyone!

It's very important that you get counted!

Hypothermia is no joke!

Protect yourself against the cold! If you are staying on the street, make sure you protect your health and safety.

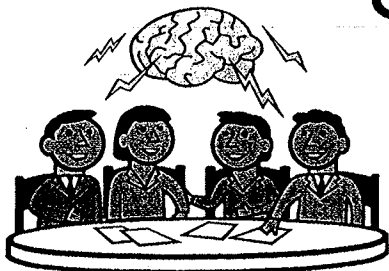

Call 1-800-535-7252 to get information about services, a ride to shelter, or other assistance. If you are having difficulty getting into a shelter or with transportation, call WLCH at 202-328-5500.
